SECTION 13

Your Crown Jewel Story

Describe one perfect day with this person. Write at least 500 words. More detail is welcome if the story feels alive. Tell me: What does she look like? Her clothes, attitude, body language, voice, presence. How does she speak to you - warm, strict, playful, sensual, distant, commanding, nurturing, teasing, safely cruel, or emotionally intimate? What kind of relationship is this - Domme, lover, wife, Queen, owner, confidante, best friend, play partner, teacher, or something else? Is it secret or open, online or offline, long-distance or local, occasional or 24/7, vanilla with D/s elements, or fully D/s? What happens during the day? Start anywhere: morning, afternoon, evening, a ritual, a conversation, a correction, a date, a domestic moment, a play scene, a message, a walk, a meal, or a memory. Show me how you interact: do you serve her, make her laugh, obey her, please her, confess to her, worship her, challenge her playfully, let her guide you, let her see through you, let her punish you? What does she do with you - command, tease, discipline, comfort, claim, train, seduce, test, encourage, use, hold, or understand you? Most importantly: what about this day makes you feel, "This is what I have been looking for"?
